### School Profile

West Shores High School provides instruction for students in grades 7-12. During the 2019-20 school year, a total of 541 students were enrolled. The school's enrollment for 2019-20 was comprised of a combined 7th-12th grade 94.1% socioeconomically disadvantaged students, 13.9% students with disabilities, and 23.5% English Learners.

Our school has adopted the following vision and mission statements:

#### **School Vision**

West Shores High School will encourage, guide, and support all students to reach their highest potential and to become lifelong learners.

#### **School Mission**

West Shores High School staff, parents, and students will collaborate to establish a positive school climate where there are effective support systems, clear and consistent expectations, and opportunities for learning and growth. Students will achieve academic success and social-emotional well-being while learning to be safe, responsible, and respectful.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Vacant Teacher Positions	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

\*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2020-21)

All textbooks used in the core curriculum at West Shores High School are being aligned to the Common Core State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's adoption cycle for core content materials (English/language arts, math, science, and social science).

On October 8, 2020, the Coachella Valley Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 2021-10 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social, science, and English/language arts, including the English language development component of an adopted program, 3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and 4) laboratory science equipment was available for science laboratory classes offered in grades 9-12, inclusive.

In addition to core subject areas, districts are required to disclose in their SARC's the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2020-21 school year, Coachella Valley Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

### School Facility Conditions and Planned Improvements (Most Recent Year)

On an annual basis, representatives from the Riverside County Office of Education visit Coachella Valley Unified School District's schools to conduct an inspection designed to evaluate and verify that school facilities conditions are in "good repair" and that any deficiencies are accurately reported in the School Accountability Report Cards. The most recent facility inspection for West Shores High School completed by the county took place on January 20, 2021. Results of the inspection are provided in the table below.

#### Campus Maintenance

The district takes great effort to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. West Shores High School's ongoing maintenance will include the replacement of light bulbs, ensure light covers are replaced if missing, and ensure carpets are cleaned from stains. Damaged ceiling tiles will be replaced as needed and a schedule to provide adequate facility maintenance will be implemented.

#### Planned 2020-21 Campus Improvements:

Our campus will be addressing any ceiling/roof leaks to prevent water damage and the staining of ceiling tiles. Stained tiles will be replaced and any future stained tiles will be replaced as needed. Light bulbs will be replaced to ensure proper lighting is available for classrooms and facilities. Regular inspection of restrooms will occur to ensure the student restrooms are stocked with all necessary supplies, including soap and working dryers. Our custodial department will focus on inspecting and cleaning vents to ensure they are free of dirt and debris. In addition, a plan will be put in place to remove webs and dust to improve the cleanliness of our campus.

**School Facility Good Repair Status (Most Recent Year)**

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

**Year and month in which data were collected: January 20, 2021**

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

ELA	27	N/A	29	N/A	50	N/A
Math	8	N/A	21	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

#### Opportunities for Parental Involvement (School Year 2020-21)

Parents are encouraged to get involved in their child's learning environment and due to starting to starting the year via a distance learning environment, parent involvement has been encouraged via virtual meetings.

School-to-home communication is provided in English and Spanish. Parents stay informed on upcoming events and school activities through flyers, weekly ConnectEd messages, the school web site, and Facebook page. Contact the principal Dr. Ramirez or Dr. De Feo in the school office at (760) 848-1360 for more information on how to become involved in your child's learning environment.

#### Committees

- School Site Council
- English Learner Advisory Council (ELAC)
- Student Engagement Committee
- Virtual Conference Committee

#### School Activities

- Back to School Night
- Financial Aid Night
- Parent Conferences
- Parent Meetings
- Parent Workshops
- Open House

**State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

**School Safety Plan (School Year 2020-2021)**

The Comprehensive School Safety Plan was developed for West Shores High School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's 2020-21 school safety plan was reviewed, updated, and approved by the SSC on February 4, 2020. It was board approved on May 7, 2020.

**Suspensions and Expulsions**

(data collected between July through June, each full school year respectively)

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions	9.8	11.1	5.2	4.7	3.5	3.5
Expulsions	0.0	0.0	0.1	0.0	0.1	0.1

**Suspensions and Expulsions for School Year 2019-2020 Only**

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	17.4	4.9	---
Expulsions	0	0.01	---

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

### Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement			

All training and curriculum development at Coachella Valley Unified School District revolves around the California State Standards and Frameworks and Common Core State Standards. The district's Educational Services Division works closely with school administrators, teachers, and the superintendent to identify staff training needs based upon review of student performance data results, monthly site leadership collaboration efforts, and principal input.

Staff members refine teaching skills and concepts through participation in conferences and workshops throughout the year. Training activities typically relate to the teacher's area of expertise and covers innovative strategies and techniques to improve student achievement and the quality of classroom instruction. Teachers may participate in district-sponsored seminars presented by district personnel, outside consultants, and lead teachers.

The district offers two distinct programs to support professional growth and improve instruction in the classroom. The Beginning Teacher Support and Assessment (BTSA) program offers support and assistance to newly credentialed teachers. All participating new teachers are provided peer support over a two-year period.

The Peer Assistance and Review (PAR) program is available to veteran teachers who need to improve instructional skills, classroom management strategies, subject knowledge, and/or related aspects of their teaching performance. Experienced and knowledgeable veteran teachers, referred to as “coaches”, are paired with teachers referred to the PAR program to provide individualized guidance, support, and training.

Classified staff receive job-related training from qualified district personnel and consultants. Special education aides received specialized training from district office personnel. Long-term substitute teachers are invited to attend designated training sessions. September 4, 2019

Career Technical Education Programs

West Shores High School is a small school with only one CTE program – AP computer Science with a total enrollment of 31 students. The two course sequence of curriculum is College Board approved and approved as A-G science and math credits. This small but mighty program has 100% of students meeting A-G requirements, 100% of students passing AP Computer Science Exams, and higher than average GPA's.

Both courses in the sequence have key assignments aligned with both CTE and Academic standards, the program is evaluated using the eleven elements of high quality CTE with goals set for any element not meeting high quality. All student populations are supported through after school tutoring to ensure success in all CTE programs. Because this school is rurally located, field trips to post-secondary institutions and industry, guest speakers, and online student competitions make up a majority of exposure to workforce readiness as there is very little industry located near the school site.

The school hosts two advisory meetings each year with representatives from the Information Communication Technologies Industry. Kim McNulty, Director of One Future Coachella Valley is the CTE Advisory Committee Chair.

**DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

**California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
