

2021 School Accountability Report Cards (SARCs):

- CDE has delayed the distribution of the data tables, however we are bringing the SARCs forward with available data and narrative responses for your review/approval to meet the statutory deadline of February 1st.
- We are working closely with DTS (*our vendor for online platform that we use for our SARCs, SPSAs, the LCAP and other CVUSD plans*) to populate the data tables as soon as possible once the data is released by CDE.
- Completed SARCs will be republished once all available data is added. Parents/Community will be informed once SARCs are completed.
- SARCs will be provided to the Board, as a consent item, once they are complete.

2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Valley View Elementary Mission Statement

Valley View Elementary, in partnership with our community, will provide a safe learning environment that values multiculturalism, biliteracy, and cultivates academic, emotional, and social growth for students to be college and career-ready.

Vision Statement

Valley View Elementary inspires students to develop a passion for learning and empowers them to make a better world for themselves and their community.

We offer both a Structured English and a Dual Language Instructional Program and collaborate with parents to make sure all students are placed in the setting that will best meet their academic needs.

We have an open-door policy and look forward to meeting with any parent about our school and/or your child. Welcome to the school where students soar! Home of the Valley View Eagles.

District & School Profile

Coachella Valley Unified School District covers more than 1,200 square miles of mostly rural desert terrain, serving the communities of Coachella, Thermal, Mecca, Oasis, Indio, and the Salton Sea. The district currently operates fourteen elementary schools, three middle schools, three comprehensive high schools, one continuation high school, and one adult school. Coachella Valley Unified School District has a growing reputation for innovative programs and outstanding staff.

Valley View Elementary School is located in the northern region of the district's boundaries and serves students in grades transitional kindergarten through six following a traditional calendar. During the 2020-21 school year, there were 673 students enrolled at Valley View, including: 94.5% socioeconomically disadvantaged students, 54.7% English Language Learners, 8.8% Migrant students, 6.2% students with disabilities, 1.0% Foster Youth and 1.5% Homeless Youth.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum at Bobby Duke Middle School are being aligned to the Common Core State Standards. Instructional materials are selected from the state’s most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education’s adoption cycle for core content materials (English/language arts, math, science, and social science).

On September 16, 2021 the Coachella Valley Unified School District’s Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 2022-06 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social, science, and English/language arts, including the English language development component of an adopted program, 3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and 4) laboratory science equipment was available for science laboratory classes offered in grades 9-12, inclusive.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2021-22 school year, Coachella Valley Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state’s content standards and curriculum frameworks.

School Facility Conditions and Planned Improvements

The district takes great effort to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Valley View Elementary School's original facilities were built in 1959; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff.

District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate nonroutine maintenance requests. Emergency repairs are given the highest priority.

Every morning before school begins, the day custodian unlocks the school gates and inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One-day custodian and two evening custodians are assigned to Valley View Elementary School. The day custodian is responsible for:

- Cafeteria Cleanup/Setup
- General Maintenance
- Restrooms

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodians are responsible for:

- Classrooms

School Facility Conditions and Planned Improvements

- Restrooms
- Office Areas
- Afternoon/Evening Events Preparations

The administration and secretary communicate with custodial staff daily concerning maintenance and school safety issues. In order to improve the day-to-day operations of Valley View School.

We conduct the following:

- * Principal and head custodian conduct monthly site inspections.
- * Review and analyze the findings of the County site inspection. The principal and the custodial staff meet to identify areas of strength and weaknesses. A plan of action is created to improve the day-to-day operations of the site. Special projects are planned during non-student days.

Planned 20-21 Campus Improvements:

- *Installation of a permanent outdoor seating/eating area for students
- *Repainting of basketball courts and poles
- *Repainting of outside benches and tables

Planned 2021-22 Campus Improvements:

- Installation of new LCD projectors and Apple TVs in all classrooms
- *Installation of hand sanitizer dispensers in all classrooms and common areas
- *Placement of mobile hand sanitizer dispensers on the playground and outside student restrooms
- *Installation of disposable seat cover in all student restrooms
- *Installation of staff and student partitions

Community Out Reach

Valley View School works in collaboration with South West Church every year to beautify the school. For the last past two years over 50 volunteers have assisted the staff, parents, and students with the painting of 30 classrooms throughout the campus. The projected plan is to have the entire school painted and exterior accessories within four years.

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, the following individuals are strategically assigned to designated entrance areas, the breakfast area, and the playground: the principal, assistant principal, instructional aides, classified staff, noon supervisors, teachers, and crossing guards. During breaks, students are supervised by the principal, assistant principal, and yard duty supervisors. Yard supervisors and classified staff monitor lunchtime activities in the cafeteria and on the playground. At the end of the day when students are dismissed, the principal, assistant principal, teachers, crossing guards, and classified staff monitor student behavior to ensure a safe and orderly departure. The administration assists with morning, lunch, and afternoon supervision of students.

Valley View Elementary School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

Condition of Facilities - Riverside County Williams Inspection Results

On an annual basis, representatives from the Riverside County Office of Education visit Coachella Valley Unified School District's schools to conduct an inspection designed to evaluate and verify that school facilities' conditions are in "good repair" and that any deficiencies are accurately reported in the School Accountability Report Cards. The most recent facility inspection for Valley View Elementary School completed by the county took place on December 7, 2021. Results of the inspection are provided in the table below.

* Indicates that corrections/repairs have been completed.

** Indicates that the repair is scheduled to be completed by June 7, 2022.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

2021-22 Opportunities for Parental Involvement

School-to-home communication is provided in English and Spanish. Parents stay informed on upcoming events and school activities through ConnectEd (automated phone messaging system), school calendars, school marquee, flyers, Aeries Parent Portal, and monthly bulletins. Contact the principal or your child's teacher at (760) 398-4651 for more information on how to become involved in your child's learning environment.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The Comprehensive School Safety Plan was developed for Valley View Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's 2021-22 safety plan was reviewed, updated, and approved by the SSC on February 26, 2021. It was board approved on April 15, 2021.

Professional Development

All training and curriculum development at Coachella Valley Unified School District revolves around the California State Standards and Frameworks and Common Core State Standards. The district's Educational Services Division works closely with school administrators, teachers, and the superintendent to identify staff training needs based upon review of student performance data results, monthly site leadership collaboration efforts, and principal input.

Staff members refine teaching skills and concepts through participation in conferences and workshops throughout the year. Training activities typically relate to the teacher's area of expertise and covers innovative strategies and techniques to improve student achievement and the quality of classroom instruction. Teachers may participate in district-sponsored seminars presented by district personnel, outside consultants, and lead teachers.

The district offers two distinct programs to support professional growth and improve instruction in the classroom. The Beginning Teacher Support and Assessment (BTSA) program offers support and assistance to newly credentialed teachers. All participating new teachers are provided peer support over a two year period.

The Peer Assistance and Review (PAR) program is available to veteran teachers who need to improve instructional skills, classroom management strategies, subject knowledge, and/or related aspects of their teaching performance. Experienced and knowledgeable veteran teachers, referred to as “coaches”, are paired with teachers referred to the PAR program to provide individualized guidance, support, and training.

Classified staff receive job-related training from qualified district personnel and consultants. Special education aides received specialized training from district office personnel. Long-term substitute teachers are invited to attend designated training sessions. September 4, 2019

Site-Based Training

Professional Development

Valley View Elementary School works with the Coachella Valley Unified School District to focus on specific areas of study and to improve instructional practices, address areas needing improvement, and implement new programs for improved student learning. Through collaborative efforts of district representatives, the principal, and the school leadership team, specific areas for professional training are identified to complement and support districtwide training.
