## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

### District & School Profile

Coachella Valley Unified School District covers more than 1,200 square miles of mostly rural desert terrain, serving the communities of Coachella, Thermal, Mecca, Oasis, Indio, and the Salton Sea. The district currently operates fourteen elementary schools, three middle schools, three comprehensive high schools, one continuation high school, and one adult school. Coachella Valley Unified School District has a growing reputation for innovative programs and outstanding staff.

Cahuilla Desert Academy is a premier Middle School, determined to improve all students for success through research-based instruction. Our long-term goal is to prepare our students for a “College Ready” focus and be high school ready. To achieve this long-term goal we offer AVID, CTE classes, and other support classes to improve our students' opportunities toward preparing for high school. Cahuilla Desert Academy is a 7th and 8th grade Middle School, comprised of 98.7% Hispanic, 0.0% African-American, 0.0% American-Indian, and 0.9% Anglo-American. During the 2021-22 school year, Cahuilla Desert Academy had approximately 694 students enrolled, 329 students in Grade 7 and 365 students in grade 8, including 71.9% socioeconomically disadvantaged students, 9.9% students with disabilities, 32.6% English Language Learners, 4.5% Migrant students, 0.7% Homeless Youth and 0.7% Foster Youth.

### School Vision

Cahuilla Desert Academy is committed to providing a High-level of rigorous academic instruction and encourages social success through dedicated service, support and partnership. “We are CDA.” College-Career, Dedicated to Success, Act Responsible and Respectful.

### School Mission

CDA is dedicated to success through rigorous programs and development of innovative instruction that prepares our students for positive relationships, collaboration, growth mindset and respect for all.

CDA staff, parents and community work together to foster life-long learners in preparing all students for college and career pathways who will contribute to our global society. Together, Red-tailed Hawks Rise to New Heights!

### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## 2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)						
Intern Credential Holders Properly Assigned						
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)						
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)						
Unknown						
<b>Total Teaching Positions</b>						

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum at Cahuilla Desert Academy are being aligned to the Common Core State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's adoption cycle for core content materials (English/language arts, math, science, and social science).

On September 22, 2022 the Coachella Valley Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 2023-09 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social, science, and English/language arts, including the English language development component of an adopted program, 3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and 4) laboratory science equipment was available for science laboratory classes offered in grades 9-12, inclusive.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2022-23 school year, Coachella Valley Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

## School Facility Conditions and Planned Improvements

The district takes great effort to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Cahuilla Desert Academy's original facilities were built in 1995; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate routine maintenance requests.

Every morning before school begins, the day custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. Three custodians are assigned to Cahuilla Desert Academy. The custodians are responsible for:

- Cafeteria Cleanup/Setup
- Classrooms
- General Maintenance
- Emergency Custodial Needs
- Locker Rooms
- Moving Furniture
- Multipurpose Room
- Restrooms
- Special Events Preparations/Setups

Restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed. The assistant principal communicates with custodial staff daily concerning maintenance and school safety issues.

### 2021-2022 Campus Improvements:

- \* Banners on the fence in parent pick-up area
- \* Painted Exterior doors and fencing navy blue
- \* Replaced LCD projectors in classrooms
- \* Displayed PBIS school wide expectations around campus

### 2022-2023 Campus Improvements:

- \* Replaced plants in planters

### Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. The following individuals are in the entrance areas and designated common areas to greet and supervise students: administration, four yard supervisors, two counselors, and two security officers. Cahuilla Desert Academy is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds.

### Condition of Facilities - Riverside County Williams Inspection Results

On an annual basis, representatives from the Riverside County Office of Education (RCOE) visit Coachella Valley Unified School District's schools that are in Comprehensive Support & Improvement (CSI) or Additional Targeted Support & Improvement (ATSI) to conduct a Facility Inspection. Cahuilla Desert Academy was identified as an ATSI School based on the 2019 CA School Dashboard. The inspection is designed to evaluate and verify that the school facilities' conditions are in "good repair" and that any deficiencies are accurately reported in the School Accountability Report Cards. The most recent facility inspection for Cahuilla Desert Academy completed by the county took place on October 17, 2022. Results of the inspection are provided in table below.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A		N/A		N/A	
<b>Mathematics</b> (grades 3-8 and 11)	N/A		N/A		N/A	

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Parents are encouraged to regularly check students' grades/attendance online and get involved in their child's learning environment either by volunteering at school or participating in various Parent Academy Workshops offered through our Parent Center.

Parents stay informed on upcoming events and school activities through Blackboard Connect, schoolwide emails, school website, and other sources of Social Media. Families and Community can contact the Counseling Office or Parent Liaison at (760) 398-0097 to obtain more information on how to become involved in their child's learning.

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## 2022-23 School Safety Plan

The Comprehensive School Safety Plan was developed for Cahuilla Desert Academy in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's 2022-23 school safety plan was reviewed and updated by the SSC on January 20, 2022 and board approved on March 10, 2022.

## 2019-20 Secondary Average Class Size and Class Size Distribution

This table displays the 2019-20 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). ## Professional Development

Cahuilla Desert Academy works with the Coachella Valley Unified School District to focus on site-based areas of study and to improve instructional practices, address areas needing improvement, and implement new programs for improved student learning. Through collaborative efforts of school and district representatives, professional training concentrations are identified based upon teacher survey results, student performance data analysis results, past practices, and new programs. Training activities are designed to complement and support district-wide training efforts.

During the school year(s), Cahuilla Desert Academy allocated time before school, after school, and through teacher release time for professional development and Professional Learning Community activities focused on:

2022-23 school year:

- i-Ready Diagnostic Assessment and Data Monitoring
- Integrated and Designated English Language Development and EL Data Review
- Best Practices in Reading and Writing Literacy
- Writing using Claim-Evidence-Reasoning
- Marking the Text
- Close Reading Strategies
- Literacy Scaffolds and Strategies for English Learners
- Canvas
- UCI Math for Conceptual Understanding and Common Core Standards
- Transformational Justice
- Positive Behavioral Interventions and Supports (PBIS)
- McGraw Hill Inspire Science
- National Geographic Impact and Time Zones ELD
- Houghton Mifflin Harcourt English 3D
- Instructional Leadership

Additionally, the district offers two distinct programs to support professional growth and improve instruction in the classroom. The New Teacher Induction Support Program offers support and assistance to newly credentialed teachers. All participating new teachers are provided peer support over a two-year period. The Peer Assistance and Review (PAR) program is available to veteran teachers who need to improve instructional skills, classroom management strategies, subject knowledge, and/or related aspects of their teaching performance. Experienced and knowledgeable veteran teachers, referred to as “coaches”, are paired with teachers referred to the PAR program to provide individualized guidance, support, and training.

Classified staff receive job-related training from qualified district personnel and consultants. Special education aides received specialized training from district office personnel. Long-term substitute teachers are invited to attend designated training sessions.

Site-Based Training:

- AVID Strategies
- Classroom Management
- UDL- Universal Design for Learning
- Data Analysis
- Developing Common Assessments, Identifying Key Elements and New Standards
- MTSS
- Social and Emotional Wellness
- Transformational Justice Model- PBIS, Transformational Learning, Restorative Justice
