2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

District & School Profile

Coachella Valley Unified School District covers more than 1,200 square miles of mostly rural desert terrain, serving the communities of Coachella, Thermal, Mecca, Oasis, Indio, and the Salton Sea. The district currently operates fourteen elementary schools, three middle schools, three comprehensive high schools, one continuation high school, and one adult school. Coachella Valley Unified School District has a growing reputation for innovative programs and outstanding staff.

During the 2021-22 school year, a total of 119 students were enrolled at La familia High School. The school's enrollment was comprised of 96.6% Hispanic students, 0.0% African-American students, 3.4% American-Indian students, and 0.0% Anglo-American students. During the 2021-22 school year, the 119 students enrolled included 94.1% socioeconomically disadvantaged students, 25.2% English Language Learners, 9.2% Migrant students, 10.9% students with disabilities, 1.7% Homeless Youth and 0.8% Foster Youth.

During the 2021-22 school year, the enrollment by grade level was as follows:

Grade 11 = 33 students

Grade 12 = 86 students

Guiding Principles:

We believe each and every student is capable of learning.

ALL are WELCOME and are BLESSINGS

ALL have a SACRED PURPOSE

ALL have CULTURAL VALUES and TRADITIONS that can guide you through life

The spaces we create are safe and courageous, where individuals can grow, learn, share, heal and support each other.

Vision

Every graduate is prepared for success in college, career and active citizenship in their community.

2022-23 School Overview

Mission

Every student will feel welcomed, valued, and expected to engage in rigorous, relevant, instruction in every classroom, every day.

We understand that students have greater needs than just making up lost credit. Therefore, our staff, students, and community members have developed an academic/ social program, which is outlined in our Schoolwide Learner Outcomes, better known as SLO's.

School Wide Learner Outcomes:

Communicate Effectively:

Reading, writing, listening, and knowing how to communicate with others through technology is paramount when living in a global environment.

Think and Analyze Critically:

Thinking, analyzing, interpreting, and evaluating ideas are common skills needed to live in a global society. We offer classes in all areas of the curriculum to increase the students' capacities and skill levels to make correct decisions and evaluate circumstances both academically and socially. We encourage students to take an active part in developing personal skills.

Be Productive Citizens:

Opportunities to develop talents and citizenship responsibilities - To develop students' talents and citizenship, we have employed a number of school and community programs. There are several active members of the Student Council who work with faculty members to improve conditions and programs at the school. Students may participate in intramural sports activities with other alternative education schools in the Coachella Valley.

Planning for Future Careers:

Providing career planning and technological advancement skills - Career development is a primary objective at La Familia High School. In today's world, students must prepare for a career goal. Our staff, including a full-time counselor, assists students in planning future careers. We encourage students who wish to go to college to apply for various academic scholarships offered throughout the year.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2020-21 Teacher Preparation and Placement

Total Teaching Positions						

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum at Bobby Duke Middle School are being aligned to the Common Core State Standards. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's adoption cycle for core content materials (English/language arts, math, science, and social science).

On September 22, 2022 the Coachella Valley Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 2023-09 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social, science, and English/language arts, including the English language development component of an adopted program, 3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and 4) laboratory science equipment was available for science laboratory classes offered in grades 9-12, inclusive.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. During the 2022-23 school year, Coachella Valley Unified School District provided each student, including English learners, enrolled in a visual/performing arts class with a textbook or instructional materials to use in class and to take home. These materials complied with the state's content standards and curriculum frameworks.

School Facility Conditions and Planned Improvements

The district takes great effort to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. La Familia Continuation High School originally opened in 1980. Ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate routine maintenance requests.

Every morning before school begins, the day custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. La Familia High School custodians are responsible for:

- Cafeteria Cleanup/Setup
- Classrooms
- General Maintenance
- Emergency Custodial Needs
- Locker Rooms
- Moving Furniture
- Multipurpose Room
- Restrooms
- Special Events Preparations/Setups

Restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed. The assistant principal communicates with custodial staff daily concerning maintenance and school safety issues.

2022-2023 Planned Campus Improvements:

Campus Supervision

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, Administration and yard duty supervisors are strategically assigned to designated entrance areas, the breakfast area and Surrounding areas. Yard duty supervisors monitor lunchtime activity in the cafeteria. La Familia High School is a closed campus. During school hours, all visitors must sign in at the school's office and wear identification badges while on school grounds

Condition of Facilities -

Schools are required to have facility inspections. State law requires that information from the facility inspection report be reflected on the SARC in accordance with EC sections 33126 and 33126.1. The Office of Public School Construction (OPSC) Facility Inspection Tool (FIT) or a locally developed instrument that meets the same legal requirements must be utilized during these inspections to determine if a school facility is in "good repair" and to rate the facility accordingly.

LEAs are to use the data collected in the school's most recent FIT report to populate the SARC regarding the school's facility conditions and the "good repair status" of the facility. The year and month of the most recent FIT report are also required to be provided on the SARC.

On an annual basis, Coachella Valley Unified School District will conduct a Facilities Inspection of each school and report on the status of necessary repairs in order to maintain a clean, safe, and functional learning environment. The inspection is

School Facility Conditions and Planned Improvements

designed to evaluate and verify that school facilities conditions are in “good repair” and that any deficiencies are accurately reported in the School Accountability Report Cards.

The Facilities Inspection for the 2022-23 school year has not taken place at the time of the 2022 SARC Publication. The 2022 SARC will be amended and re-distributed, once the Facility Inspection information is available. The most recent inspection data, from 2021-22, is reflected in the chart below. All repairs from the November 19, 2021 FIT Inspection have been completed.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 Career Technical Education Programs

Career Technical Education Programs

During the 20-21 school year, the district began planning for a CTE program at our small continuation school. Beginning in the 21-22 school year, La Familia High School began its first CTE pathway – Entrepreneurship. The program is staffed by a credentialed Art Teacher that also possess the CTE Designated subjects credential in Marketing Sales and Service. The course offers both elective and fine arts credit and is cohorted with an English and Math teacher.

Students meet with the counselor a minimum of three times throughout the year to discuss career paths and courses of study. The school’s career center help students explore career options and hosts guest speakers from the College of the Desert, armed services, trade schools, and the local business.

During the 2022 school year, 7 students completed 300 hours of CTE instruction in the program, another 10 students took the Entrepreneurship course, but did not meet completer status.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

La Familia has a dedicated parent liaison focusing on increasing communication and engagement. Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events. With 24 hours advance notice, parents may "sit in" any of their student's classes to gain an understanding of instructional practices and learning environment.

School-to-home communication is provided in English and Spanish. Parents stay informed on upcoming events and school activities through:

- Automated telephone system
- Back to School Night
- Evening Parent Forums
- Flyers
- Monthly newsletter
- Mailers
- Parent Meetings
- Personal phone calls from the principal and school secretary
- School web site
- Facebook page
- Social Media
- Written notices
- Coffee with the Principal

Contact the principal or counselor at (760) 399-5929 for more information on how to become involved in your child's learning environment.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

The Comprehensive School Safety Plan was developed for La Familia High School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The 2022-23 School Safety Plan was reviewed, updated, and approved by the SSC on February 10, 2022. It was board approved on March 10, 2022.

Professional Development

La Familia High School works with the Coachella Valley Unified School District to focus on site-based areas of study and to improve instructional practices, address areas needing improvement, and implement new programs for improved student learning. Through collaborative efforts of school and district representatives, professional training concentrations are identified based upon teacher survey results, student performance data analysis results, past practices, and new programs. Training activities are designed to complement and support district-wide training efforts.

Professional Development

During the school year(s), Bobby Duke Middle School allocated time before school, after school, and through teacher release time for professional development and Professional Learning Community activities focused on:

2022-23 school year:

- i-Ready Diagnostic Assessment and Data Monitoring
- Integrated and Designated English Language Development and EL Data Review
- Best Practices in Reading and Writing Literacy
- Writing using Claim-Evidence-Reasoning
- Marking the Text
- Close Reading Strategies
- Literacy Scaffolds and Strategies for English Learners
- Canvas
- UCI Math for Conceptual Understanding and Common Core Standards
- Transformational Justice
- Positive Behavioral Interventions and Supports (PBIS)
- McGraw Hill Inspire Science
- National Geographic Impact and Time Zones ELD
- Houghton Mifflin Harcourt English 3D
- Instructional Leadership

Additionally, the district offers two distinct programs to support professional growth and improve instruction in the classroom. The New Teacher Induction Support Program offers support and assistance to newly credentialed teachers. All participating new teachers are provided peer support over a two-year period. The Peer Assistance and Review (PAR) program is available to veteran teachers who need to improve instructional skills, classroom management strategies, subject knowledge, and/or related aspects of their teaching performance. Experienced and knowledgeable veteran teachers, referred to as “coaches”, are paired with teachers referred to the PAR program to provide individualized guidance, support, and training.

Classified staff receive job-related training from qualified district personnel and consultants. Special education aides received specialized training from district office personnel. Long-term substitute teachers are invited to attend designated training sessions.

Site-Based Training

La Familia High School works with the Coachella Valley Unified School District to focus on specific areas of study and to improve instructional practices, address areas needing improvement, and implement new programs for improved student learning. Through collaborative efforts of school administration, teaching staff, and district representatives, specific areas for professional training are identified to complement and support district-wide training. Staff development concentrations are selected based upon analysis of student performance data.

2022-23 Site Based Training:

In addition to the district led PD, LFHS provides targeted PD in the following areas.

- Edmentum
- Exact Path
- Apex
- Acellus
- Adult SEL
- CCGI
- Art Therapy
